- 1-7-15 Mr. Albert H. Barth gives instructions on trip to California in Ford Auto: My dear Mr. Davis:--In the first place whoever wants to go, let them decide whether they want to camp on the road or stay at the hotels. You can easily drive from one town to the next and find garage and hotel accomodations. If camping is decided on, camp the first night and every night thereafter wherever the notion takes you to stop. Carry from three to four gallons of water in canvass water-bottles and never neglect an opportunity to fill the radiator or bottles.--We carried a little wood but burned mostly sagebrush, greasewood and such stuff. Do not take a tent with poles as I did, but go to the Brooks Tent and Awning co. in Denver and get one of his automobile tents that go over the car when the top is up. It stakes down on the left side and front and leaves room on the back and right side of the car. Put a trunk rack on the rear and carry the camp stove on it. When ready to camp, put the top up, if it is not already up, put your tent over it, put your stove on the ground, put up the pipe, start a fire and you will be surprised to see how soon you will be warm and comfortable. Use the trunk rack for a table. For sleeping have the back of the front seat cut down at the sides and fixed to lower so that the back seat, the back of the front seat and the front seat are level, a good bed for two. Take pillows and covers to suit. You can buy food all along the way. Space is limited and every pound counts when you pull thru snow, mud and sand and crossing several mountain ranges. Ship everything you can it is far cheaper. Be sure to drain the radiator every night, it might be warm when you stop but freeze before morning. Carry oil and be sure to look after the engine every morning and at least once during the day. Keep the tank full of gasoline, it will cost you, from 20¢ to 30¢ a gallon. --If possible arrange your trip so that you will not have to travel after dark. The roads are too uncertain. Take your time and see things as you go. We camped one night in the petrified forrest and also went to see the Grand Canyon of the Colorado and the Cliff Dwellers Ruins. We were a month on the way, it is none too long. Be sure and have good tires and tubes and don't forget your chains. You will need them. Also take a shovel, a small ax, and a three gallon bucket to hold the water when you drain the radiator. Be sure and do not carry anything in your machine that can get along without. The lighter the car the easier she will run. Have money in your pocket so that you can buy anything along the road, if anything goes wrong. Tires wear out quickly on the road and repairs on the car come high. In all of our trip there were always some cars with us and we never camped alone. Be careful about the roads. It is easy to get on the wrong one and get lost, and don't try to hurry.
- Very Truly Yours  
Alb.H Barth
- P.S. It is much cheaper to camp.
- 1-7-15 JOKE The auto has it on the horse in one respect, it doesn't shed it's hair in the spring!

- 1-7-15 Mr & Mrs Clifford K Robbins leave for their new home in Tabernash. They have purchased a cozy four room cottage. He will have the passenger run from tabernash to Steamboat Springs as an engineer. They will be greatly missed from Arvada social circles.

- 1-7-15 Joseph M Clark, a former Arvada boy, who graduated from Arvada High School and worked at Arvada Electrical Co. was killed instantly at his work in the Whelon Electric Light Plant, Collinston, Utah.
- 1-14-15 Gibbs West writes about their Christmas in Long Beach:  
We arrived at the home of Mr & Mrs Barth considerably early, before the actual operations were to begin on the turkey, leaving the ladies in full possession, Mr Barth, with his well known tact of making others happy, brought his machine to the door and took the men of the party joy riding. We went to Naples and Seal Beach, two nearby towns, beautifully situated on the shores of the great Pacific. Not much time for extensive explorations, that turkey looming up in the distance acted as a powerful magnet to draw us back to head quarters, we returned just in time. The dining room was a perfect bower of beauty, great masses of ferns, smilax and holly, great boughs of oranges as nature had left them with fruit all on, fittingly arranged. An ingenious piece of workmanship about two feet high standing in the center of the table and banked with flowers had a most pleasing effect. This was the work of Albert Barth Jr. Those who were fortunate enough to partake of this feast of good cheer were Mr. & Mrs. Carnegie, Mr. & Mrs. West, Mr & Mrs. Barth and Albert jr. Mr. Shoop and sister, owing to a previous engagement were unable to be present. After the dinner a short musical program was carried out with Mrs. Carnegie at the piano.. In the meantime Mr Shoop was the recipient of one of those popular birds of this time of year, a real home product. He and Mrs. McLean could not think of sitting down to it by themselves and so with many misgivings we decided to help them out and succeeded wonderfully well, considering what we had already gone thru. Two turkey dinners in two consecutive days is no ordinary feat. It is said that the priests in the time of Moses were champion bird eaters of the world, but when it comes to turkeys, they haven't a thing on us.. But after all, it is not the good things we have to eat that counts in these social gatherings, but that splendid good-fellow-ship and kindly feeling, that sympathetic feeling of helpfulness which makes the day one sacred significance and makes life worth living.
- 1-14-15 Mrs. Edward Doane has serious operation at Park Avenue Hospital

- 1-14-15 County Supertendent Miss Bunger accompanied by a delegation of 30 or more of Semper and Broomfield residents visited the Laporte school north of Ft. Collins. This is a consolidated school of 3 or 4 districts in one, having a high school besides all the grades and children who have a mile to go are hauled in a wagon. Six wagons are used for this purpose. This is a great thing for rural children and it should be practised wherever possible.

- 1-14-15 Just a Little Baby Pig by T.A.Vaughan  
 He wasn't a boy and she wasn't a girl. It was just a pig with a cute little curl.  
 That wriggled and shook when he ate his grub  
 Till we thought his tail would be worn to a stub.  
 Just a little pig with his life just begun,  
 Just a son of a sow, not a son of a gun.  
 His days were short, but half a year, Ere he met his fate, while many a tear  
 Dropped damp and wet, and our eyes grow dim,  
 As we gazed on the body lean and slim.  
 We mourned for the corn that was wasted and lost,  
 we mourned for the money the darling cost.  
 four big round plunks was the price we paid,  
 And twenty two pounds the little one weighed,  
 While the figures showed but forty four,  
 When we landed him safe on the Evergreen shore,  
 We missed his nibs in the twilight pale,  
 When we look in vain for the twist of his tail,  
 And nobody knows how bad we feel  
 When the morning dawns, and we hear no squeal.

- 4-1-15 Item from Texas: So determined is W.S.Dunbar, of Fort Stockton Texas, to hold the Ford mileage record, that he has sent his report to the Ford Motor Co. in the form of a sworn affidavit. It is certainly an astonishing record, too. Dunbar makes regular trips in his Ford between Ft. Stockton and Pecos City, a trip of 65 miles, and carries four passengers. His Model T purchased in 1909, is still in service, with the same wheels, engine and transmission with a grand mileage of 150,000 miles. Dunbar swears in his affidavit that he makes the 130 mile trip on 3½ gallons of gas of a mileage of 37 1/7 miles per gallon. Perhaps it isn't remarkable that Dunbar should insist upon having these extraordinary figures preserved in affidavit form.

- 4-8-15 It is probable that few people know how Canada got it's name. The origin of the name is very strange. Spaniards visited there previous to the French searching for gold and silver, finding none, often said amongst themselves "Aca nada," meaning "There is nothing here.". Indians watching closely learned this sentence and it's meaning. Then came the French, and the Indians, who did not want them, supposing they had come on the same mission as the Spanish, kept pouring into their ears the Spanish sentence, "Aca nada." The French knowing little of Spanish tongue supposed that the incessantly recurring sound was the name of the country, and ultimately christened it Canada, which it has borne ever since.
- 4-15-15 The town grader with Town Marshal Heims in charge and Wm. Benson driving his four mule team have done some good work on our streets this week, rounding them up and cleaning the gutters. A cleanup day will likely be proclaimed by the mayor soon and Arvada will be put in ship-shape to receive visitors.  "There's a sad day in store for Colorado, A sad day draws near  
 When we go on a diet of cold water, And get no booze or beer,  
~~WHEN WE GO ON A DIET OF COLD WATER, AND GET NO BOOZE OR BEER,~~  
 When we bid farewell to "Tom and Jerry" and say good bye to "Rock and Rye"  
 So we'll pack and be off to old Wyoming, When this state goes dry."
- 4-15-15 THE RECHT EMPORIUM, advertisement "Your suit might as well be made to measurement, \$10.00 to \$27.50. Finest woollens guaranteed to fit you.
- 4-15-15- THE EDITOR JOKES; Most anyone can be an editor. All the editor has to do is to sit at his desk six days out of the week, four weeks of the month, and twelve months of the year and "edit" such stuff as this:  
 "Mrs. Jones of Cactus Creek, let a can-opener slip and cut herself in the pantry" "A mischevious boy threw a stone and hit Mr. Pike in the alley way last Tuesday"-"John Doe climbed on his house last week lookin for a leak, and fell, striking himself on the back porch"--"While Harold Greene was escorting Miss Violet Wise home from the church social last Saturday night a savage dog attacked them and bit Mr. Greene on the public square."--  
 "Isaiah Trimmer of Runner Creek was playing with a cat Friday when it scratched him on the veranda".--"Mr. Frong was harnessing a mule when it kicked him just south of the corn crib."
- 4-15-15 Mr and Mrs Gibbs West arrive home after spending the winter at Long Beach, California. Mr. West has been in very poor health and the trip home was hard on him. Improving he will soon be himself again!

5-20-15 A poem by E.F.McIntyre:

Breathes there a man with soul so dead, who never to himself has said  
"that editor has quite a head; I'm glad I take his paper.

He's got a raft of grit and sand, he prints the news of all the land,  
he boosts the town to beat the band, and that's the proper caper.

He soaks the grafters in the neck, he saves the ship of State from wreck,  
he's Johnny on the spot, by heck, when things are in a jumble.

He sets the ads that bring the dough, he chases all our gloom and woe,  
he tells us all we want to know--and yet he is quite humble.

He never gets a bit stuck up, he's worked since Hector was a pup to earn  
his daily bite and sup and have a little over.

I know we owe him many plumks, so let us shame the other skunks and furnish  
him with kale in chunks, wherewith to live in clover.

5-20-15 We have heard lots of stories on the Ford, but "Tramway Bill" Album tells  
this one: Bill said he saw a fellow at College Avenue the other day with  
a crank in his hand looking all around as tho he'd lost something. When  
interrogated the man said he was cranking his Ford and the darned thing  
flew off the handle and he'd lost it. The funny thing is that every story  
only makes the Ford more popular and many of the owners of big cars are  
saying they would buy a Ford if it was to do over again, as they are always  
ready to go!

5-27-15 Mr. Duncan turned the lights on the new factory Tuesday evening for the first  
time, to enable the High school pupils to arrange the lumber for the stage  
and seats, for the commencement exercises. The effect of the brilliantly  
lighted building gives a radiance to the west part of town. When it is light-  
ed for operating purposes it will certainly be the beacon light in Arvada  
and Colorado's commercial harbor and may it always guide the auto-mariner  
into a safe port.

5-27-15 The tire factory has engaged the services of W.J.Krueder of Akron as super-  
intendent. Krueder has had many years experience in compounding rubber and  
making tires. He will remain in Akron until the machinery is all aboard cars.  
He will bring a small number of expert workmen with him and depend on the  
local men who wish to learn the business as far as possible. The worst handi-  
cap seems to be the scarcity of modern housing in Arvada, as there will  
probably be at least 25 families soon wanting good up-to-date houses.

5-27-15 Mr and Mrs Wesley Staley left Sunday on their trip to points in Kansas and  
terminating at Lexington, Missouri, where their son, Bryan will graduate  
from the military academy.

5-27-15 Stockmen beware! Evidence of an organized band of stock rustlers are at  
work. Muench & Nemetz lost a sorrel mare from their pasture and C.G.Schoech's  
place lost four unbranded calves. The Protective Association has some work  
to do in running down these thieves, and stock owners should put a more  
careful watch over their cattle and horses.

5-27-15 James Taylor and wife return to Arvada from Colorado Springs and will make  
their home here this summer. "Jim" is an old employee of the brick plant  
and will go to work when the plant starts it's summer run. Their many friends  
are glad to see them among us again.

5-27-15 The High School class of 24 seniors occupied the platform at the Methodist  
Church for the Baccalaureate service Sunday night. The school sang the  
beautiful hymn "Praise ye the Father" Twelve girls sang "The Curfew" in  
closing. The ~~sermon~~ sermon was given by Rev. Dametz.

## ARVADA ENTERPRISE--1915

- 6-3-15 A couple of gentlemen were in town today looking into the creamery business with a view of starting one. Let the dairymen come forth and let us hear from them. We certainly need a creamery.
- 6-3-15 Harry McKuan and "Chicken, George bivouacked in the mountains Tuesday night near where the High School had their picnic. Harry's horse strayed away and couldn't be found until next morning. They slept with their eyes open for fear a mountain lion might get too friendly. They arrived home at noon next day pretty well tired out.
- 6-3-15 J.M.Banks, our genial railroad agent, has just recovered from a siege of the mumps, how fat he was for a week or so! Louis Miller filled his position while he was out.
- 6-10-15 Dr. George Loudon is at home, having just completed his course in the veterinary Department of the Agricultural College.
- 6-10-15 Congratulations are extended W.H.Hosmer and bride, Matilda Rinckenbach, the daughter of Martin Rinckenbach, an early settler of Los Angeles, Calif. After the wedding in Los Angeles they attended the World's Fair at San Diego and found it disappointing, the exhibits were very tame. The bride and groom have escaped the "rattleband" so far and will go to housekeeping on Mr. Hosmer's ten acre tract north of town where he will build a fine new residence soon.
- 6-10-15 Mrs. E.L.Foster and daughters, Elizabeth and Ruth are leaving for Long Beach, Calif. for awhile, Dr. Foster plans to join them and attend the Expositions.
- 6-10-15 Mr. and Mrs. Wesley Staley and son Bryan arrive home from Lexington, Mo. They report experiencing considerable annoyance on their trip because of the floods. Thousands of acres of farm land under water and crops ruined. Bryan accepts a position with the Commerce State & Savings Bank of Denver. He will be under the guiding hand of his Uncle Daniel who will teach him to clip coupons and shave notes and look for the silken thread in greenbacks.
- 6-10-15 Arvada needs more and better houses with twenty-five families to move here to work in our factory, one-half of them cannot find places to live. It will be a serious matter if these people are compelled to pay 20¢ per day for carfare to go back and forth to Denver. Fifty fares per day is \$10 which should go to landlords and merchants of Arvada. The Title Guaranty company of Denver is anxious to leand money on Arvada property for building purposes. It is possible and highly probable that opportunity is knocking at your door and you don't realize it.
- 6-10-15 The road drag, the weather man and the auto have a three connered fight the last few weeks, to see who has the right-of-way on the roads. So far the weather man has had a little the best of it.
- 6-10-15 Home grown strawberries will be on the market this week.
- 6-10-15 D.F.Cahill, the grocer has found that burning gasoline is a part of the grocery business in order to give the service. Since selling his little Brush runabout a few weeks ago he has been completely swamped and decided that a Ford runabout was the best way out of the dilemma. He purchased this week a brand new Ford machine and now when he meets a Brush he tilts his head back and turns on a little more gas. This is not a paid advertisement but the ladies can use their best judgement as to how to get a ride in the new car.

- 6-10-15 Advertisement: "The best 50¢ work shirt ever put out is the Uncle Sam shirt. We can furnish them in plain or striped blue, khaki or black and white stripes" THE RECHT EMPORIUM
- 6-10-15 The Sunday evening services at the M.E.Church were given over to three young men, who are studying for the ministry. Herbert Schwamb, Earl Southworth and Will Taggart, each did well in an effort to induce their young school mates and others to turn from their evil ways and live the Christian life, assuring them that it was the only way to attain perfect happiness.
- 6-10-15 Frank Bayer is playing cowboy in the "Roundup" this week at the Denham Theatre. He says that it's great.
- 6-10-15 Mr and Mrs. H.J. Juchem and son Ray, Mrs. O.G. Taylor and Mrs. Moberly and Mrs. J.F. Shipley, Mrs. M. Moreland and Mrs. Bert Secrest were among the matinee crowd at the Denham Wednesday afternoon.
- 6-10-15 The Joseph Newman entertainment given in Barth Hall was a delightful affair. He is one of those versatile entertainers who can make one laugh whether he feels in good humor or not. His entertainment is of exceptional high class, with Miss Sprigg as pianist and reader in which she is very clever. Josephine Herey Monahan, violinist and Ruth Gillis, vocalist did their parts well and were received with more than ordinary applause. Everyone pronounced it a clean, wholesome entertainment.
- 6-17-15 Attorney W.N. Vaile, well-known in Jefferson county social, fraternal and political circles, was united in marriage to Mrs. Kitty Rothwell Varrell in Goodland, Kansas, home of the bride. Both are divorcees, they were former schoolmates in East Denver High School. His warm friends of Arvada will wish him much happiness in his new matrimonial venture.
- 6-17-15 Harry Garlick, manager of the local telephone exchange, has invented a novel attachment to his automobile to carry supplies about. It resembles a wheelbarrow being pulled backwards, having a single wheel with pneumatic tire in the center and attached to the rear of his machine.
- 6-17-15 Miss Cole, who is now conducting a summer school in the primary building, will start a kindergarten and beginning first grade school September 1.
- 6-17-15 The Town Board passes an ordinance requiring all houses to be numbered.
- 6-17-15 The Sunday School boys of the Presbyterian Church have formed a baseball club and will join the city leagues.
- 6-17-15 Did you hear the brick plant whistle this morning? Well, it certainly sounds good, and everybody is pleased because at the brick plant now all of the unemployed Arvada young men and old men, have found steady work, probably for the summer. Twenty men are working which means approximately \$50.00 a day paid in wages which come home mostly to Arvada.
- 6-17-15 Chas. Allen and family, Bob Graves and family, Mr. and Mrs. Martin Klumker, Clarence Shoop and wife, Rob't Swadley and family, Mrs. Chas. McFadden and children and Mr. and Mrs. Kiram Brown made an auto party to Genesee Mountain Sunday. Had a good time but were caught in a snow storm which made it a little disagreeable. They built a camp fire and enjoyed the novelty.

- 6-17-15 Martin Klumker had a letter from his folks who are on a ranch over near McCoy's station in Routt County in which a thrilling story is told of how his brother, George and Henry Southhof, a friend from Nebraska, who is visiting him, shot and killed two cub bear. The mother bear got away.
- 6-17-15 Miss Irene Murchison accepts a position as saleslady with the Arvada Dry Goods Company.
- 6-24-15 The Jefferson-Gilpin Volunteer Firemen's Association will picnic next Sunday June 27th, on top of Lookout Mountain. Excursion will be made from Golden via the Steamers and Funicular Railway to the top of Lookout and return for 70¢ the round trip. There will be a band concert and general picnic with dancing and various sports. \$300 will be given away in prizes mostly to women and children. Everyone is invited to attend this picnic.
- 6-24-15 We desire to call especial attention the page advertisement of The Model store. This is the second ad of this size appearing in the Enterprise this month, which proves two things, first the push and "pep" of Mr. Boretz and second the pulling power of the Enterprise as an advertising medium, for Mr. Boretz does not do this merely for pleasure or pastime.
- 6-24-15 A baby girl is born to Mr. and Mrs. Charles Rowe of Denver. Mrs. Rowe was formerly Miss Annie Shepherd of Arvada.
- 6-24-15 Walter Olson and Miss Ruth Morrison of Houston, Tex. were married at Galveston. They will probably come north to live after remaining in Houston for awhile.
- 6-24-15 Mrs. C.S. Grace and family will move to University Park where she has a fine position as secretary to Chancellor Buchtel. They will be missed in church and social circles.
- 6-24-15 J.C. Nolan and William Bennett leave for a six weeks fishing trip thru Wyoming, Montana, North Dakota and Canada. Going in Mr. Nolan's new Ford car, they took plenty of camping utensils and fixed the back of the front seat to let down for a comfortable bed. Curtains let down from the inside and they can cook in the front of the car if the weather should be unfavorable. It will be a fine trip and their many friends will envy them the pleasure of it.
- 6-24-15 Willard Wagner takes ill suddenly at his home on the Juchem Ranch. Mr. Merian was called and soon had him resting easier.
- 6-24-15 JOKE-When there is a family reunion the men present enjoy it almost as much as they do a funeral!
- 6-24-15 Miss Belle Torbet, of Denver, will open a kindergarten and primary school in Arvada and Griffith, August 2 and will continue as long as the weather will permit. Tuition 50¢ a week for each child. Ages from four to seven.
- 6-24-15 F.C. Strickland lost a hundred dollar cow one day this week from bloat. Tough luck.
- 6-24-15 Authentic daily reports on conditions of all automobile roads in the state of Colorado are to be made for the benefit of autoists, by the Mountain States Telephone Company, through the employment of a systematic and unique block system now being established. By applying to any of the several hundred stations throughout the state, it will be an easy matter for auto travelers to know, to a reasonable certainty, just what kind of roads they are liable to run into.

## ARVADA ENTERPRISE--1915

- 7-8-1915 The proposition to build a new High School is the all-important question now.
- 7-8-15 Incorporation papers were filed this week by the Kruse Automobile Signal Co. With a capitalization of \$50,000, the company has been assured of the co-operation of the safety commissioner of Denver. Applications for agencies in various eastern cities are coming in and several sales have been made to individuals who are not waiting to be compelled by ordinance to put the device on their cars as they readily see the convenience and practicability of it. In case of collision or accident to individuals, the signal is an important factor in placing the blame, also it's use has the natural tendency to reduce insurance rates.
- 7-8-15 Telegraphic dispatches bring the glad news that Denver will get the Anti-saloon League convention. How's that for a "scoop" on the Denver dailies?
- 7-22-15 The Craig Colony ice cream social on J.T. Kennedy's lawn was a most enjoyable event and most gratifying to the ladies of the club who arranged it. A musical program was given from the porch where Mrs. Kennedy had moved her piano. Mr. Hurst also entertained the audience by selections on his graphonola. About \$24.00 was realized from the proceeds.
- 7-22-15 Mr and Mrs Morris J Bortez with a party of friends drove to Lookout Mountain while passing thru Golden, Mr. Boretz took the court house hill on high and a speedcopper arrested him at the top of the hill. He was ordered to appear in court the next day to meet with Judge Snyder, who asked him if he was guilty or not. Seeing what he was up against Mr. Bortez plead guilty and donated \$15.00 toward Golden's upkeep. He thinks he had it handed to him pretty strong but as this is Golden's way of doing things his only recourse is to avoid Golden on future trips. Boretz secured judgement last week in Judge Jameson's court against H.M. Mosher of Idaho Springs for \$85.00 damages sustained to his machine in a head-on collision on the road to Golden some months ago. Mosher was not fully accustomed to running his car and was on the wrong side of the road when the accident occurred.
- 7-22-15 Friends of the Ford in and about Arvada are taking a grain of salt with that story published in the Golden papers last week about a bear outrunning a Ford, and they have their doubts about the bear being "on the level." Nearly all our Ford owners have gone before the tribunals of Denver and contributed a five spot to the city's "sinking fund" for exceeding the speed limit. Some are inclined to think that the reason the bear was not overtaken by the Ford was either due to the poor grade of gasoline sold in Golden or to the fact that the Ford and the bear were going in opposite directions. Again, is it not possible that the reporter had sampled some of "Coors Best Bear Brand" before he wrote the story?
- 7-29-15 **Advertisement:** All the World loves a Fair girl and a square man! Honesty is making a bigger appeal to-day than it has hertofore. All of our tinned foods are just what they are canned up to be, and our packaged and weighed out staples are the best that a conscientious, experienced groceryman can buy. New flour will soon be on the market. Buy old flour now.
- 7-29-15 The Arvada Electric Co. HOT POINT IRONS were \$3.50, Now only \$3.00.
- 8-5-15 GOING TO BUSINESS COLLEGE? If so come and see the Enterprise about free tuition to one of the best universities in the United States. No contest, just a Business proposition, for young men or women.
- 8-5-15 A. Tetzloff's big <sup>team</sup> ~~team~~ got tired of a monotonous life and decided to stir up something, besides getting Walter Green their driver greatly disturbed they stirred up Evans and Bennett's cement block coal house, knocking the end wall galleywest. team and wagon were unhurt, but the coal house looked like it had been hit by a German torpedo.

## ARVADA ENTERPRISE--1915

- 8-5-15 Dr. E.L.Foster again takes up his practice after his month's vacation, a part of which was spent in California where he met his wife and daughters Mrs. Foster was ill and a trained nurse accompanied them on the trip home after which she underwent surgery in a Denver hospital and proven very successful.
- 8-5-15 Dr. Rowand of Ft. Collins M.E.Church performs a wedding ceremony at Graves home uniting Miss Nellie Graves and Prof. Samuel Ross of Ft. Collins. Miss Lela Buck of Arvada and Alexander Lund of Ft. Collins were the attendants Master Harold Muench, nephew of bride, ringbearer, four little nieces, Dorothy, Hazel, Elizabeth and Helen Graves were flower girls. The sorority girls served the wedding dinner to immediate family and friends, a general reception was given later in the evening. The bride is a member of one of Jefferson County's oldest and best known families, groom is a member of the faculty of the State Agricultural College. They will make their home in Ft. Collins after a short honeymoon.
- 8-5-15 H.J.Juchem was elected a director in the Shane Steel Tie and Appliance Co. at the Annual Meeting of Stockholders at Phoenix Arizona.
- 8-5-15 Guy Juchem has joined the Ford throng, having purchased a two passenger runabout. He will use it going to and from Golden.
- 8-12-15 A list of sixty Jefferson county people will receive the rebates given by the Ford factory owing to the fact that it succeeded in disposing of 300,000 cars within a given time. The new Ford prizes are Runabout f.o.b. Detroit-\$390.00 Runabout, f.o.b.Arvida \$428.20, Five passenger f.o.b.Detroit \$440.00
- 8-12-15 The Ford band from Detroit composed exclusively of employees of the Ford Auto Co. will give concerts at Washington park and City Park. This band is a large organization paid by the Ford Co. and is a big advertisement.
- 8-12-15 J.T.Kennedy has his new Oakland car and it is a beauty. Chas. Graves, agent is very proud to have this make of car introduced in Arvada.
- 8-12-15 W.R.McCormick, with wife and son Glenn from southern Illinois will spend the remainder of summer here. They may decide to locate here permanently.
- 8-12-15 Mr. and Mrs. J. Curlee and daughters Annie and Jessie have come back to Arvada from Arizona and will spend the summer.
- 8-12-15 Chas. Graves secures agency of Jefferson County for the National Automobile Signal or Kruse Signal and is ready to receive orders.The cost is only \$10.00 fully equipped easily saved by the avoidance of a single accident.
- 8-12-15 Rev. Sanderson is first to put a house number on his house on Grandveiw. Appropriately because he introduced the motion to create the house numbering ordinance while a member of the town board. The figures are 5¢ a piece.
- 8-12-15 Roy Rand of Fremont is building an eight room residence.
- 8-19-15 Attorney C.W.Lothrop buys a brand new Interstate two possenger car.
- 8-19-15 Arvada Dry Climate Tire baseball team slaughters the Independents 16-5.
- 8-19-15 A consignment of raw rubber has just arrived for the manufacture of Dry Climate Tires right here in Arvada. How does that listen? Several carloads of machinery are being placed and men are working nights and days to meet the deadline of Sept. 1 for opening the plant.

## ARVADA ENTERPRISE--1915

- 8-26-15 Glenn Wagner and Miss Minnie Richter have a narrow escape from death or serious injury Sat. night while returning from a dance at Fremont Grange hall. Riding on Glenn's motorcycle they collided with Jee Davis driving a one horse buggy. The accident was purely a misunderstanding of the direction each intended to go. Miss Richter was thrown from bycle and quite badly injured, in a dazed condition was brought to town in Walter Dormer's auto for medical attention.
- 8-26-15 President Clark of Dry Climate Tire Co. purchaes a new 8 cylinder touring car of the Monarch type. The only trouble he has is keeping the speed down to conform with the Denver and Arvada ordinances. He has already contributed \$5.00 and costs to the Denver "relief" fund.
- 9-2-15 Chicken thieves are abroad in the land again, Mrs. Hammock was relieved of about forty, and Mrs. Bourne lost about four dozen.
- 9-2-15 Peterson's pool hall will be an interesting place next Saturday when he will have a demonstrator of Bull Durham smoking tobacco. Smoke up on Peterson, boys!
- 9-215 The Arvada Dry Climate Tires will play the Bloomer Girls on the Wadsworth Park diamond the 19th. A side feature will be trap shooting by Captain Hardy the celebrated crack shot who will advertise the Peters' Shells sold by the Arvada Hardware Store. The Bloomer Girls will make it interesting for the home team and will no doubt draw a big crowd.
- ==
- 9-2-15 The editor of the Enterprise believes that the time is about ripe for a hotel in Arvada, with Arvada undergoing a miraculous transformation of a permanent character. There will be many people coming to town who will need hotel accommodations.
- 9-2-15 Lucy Page Gaston, head of the anti-cigarette league, is authority for the statement that newspaper humor is on the decline, and will continue so until the editors quit smoking cigarettes. BALLAD TO L.P.G:  
 We've fallendown at jesting; At least, they tell us so;  
 Our stuff's not interesting-Ah, 'tis a bitter blow!  
 We take a new start, though; We'll score this time, you bet--  
 The reason would you know? We've canned the cigarette.  
 The subtle joke while questing We now no longer go  
 To nicotine nerve-resting--The filthy wee-no, no,  
 You got the makin's, "Bo?" (Notice to printers-Stet)  
 We answer soft and low We've canned the cigarette.  
 Our intellect 'twas besting; We didn't have a show;  
 But Lucy's dope we're testing; Ah, now the song will flow!  
 We fare forth Jestward Ho! We'll be a jokesmith yet;  
 We'll have our little crow--We've canned the cigarette.  
 Lucy, you're all the dough; We're surely in your debt;  
 Smoke rings no more we blow--We've canned the cigarette.
- 9-9-15 Nick Keller who has a fine ranch on Wadsworth hill north of town is improving his place with cement sidewalks.
- 9-9-15 Fred Secrest, son of Mr & Mrs Elsworth Secrest will attend the Agricultural College in Ft. Collins.
- 9-9-15 Albert Taylor and son Albert Jr., while cutting oats last Sunday on the Sparks place northwest of town were attacked by a swarm of honey bees and the elder Taylor was stung so badly it was feared it might prove serious. He was stung upon the head, shoulders and arms and was confined to his bed for several days. Dr. Foster was called and he was made as comfortable as possible. Young Taylor not so badly injured was driving the binder and the bees became enraged

9-9-15

Albert Belgin has \$13.00 in his inside pocket that he didn't expect to have, and never dreamed of until he saw an item in Monday evening's Post in which it was stated that for fifteen years the United States war department, federal secret service men and Denver attorneys had been searching for the widow of Capt. Chas. E. Farrand. U.S.A., retired, who died in Sept. 1900 in the valley, on what is now the dairy farm of Howard Evans. Unless she was found within a month she would be declared "officially dead." It so happened that Mr. Belgin had lived with the Captain and knew his wife who died before the Captain. He remembered that Mr. Burton the undertaker had buried her, who recalled to mind when asked about it. A lasting impression upon Al's memory was a labor account of \$13.00 the Captain had forgot to pay. Mr. Belgin hunted up the attorneys and told them of the deferred payment. When he spoke of interest he was told that he ought to be glad to get the principal. Upon a little reflection he remembered that 13 spots did not grow on trees around Arvada, and after all, he had fifteen years to rest up after earning the money, so accepted the thirteen plunks with thanks and came home joyously exhibiting a check. This experience may be a comfort to others in the watchful waiting class and bears out the theory that you've always got something coming.

9-9-15

Mrs Emily Bradley, 74, widow of the late William F and an early pioneer of Jefferson County dies. Mrs. Bradley a daughter of Oliver Graves came with a large family of children from Bloomington, Ill. in 1860.

9-9-15

Attachment proceedings are instituted against the stock of merchandise of the Model Store by some half dozen creditors. It seems that M.J.Boretz the proprietor, has shaken the Arvada dust from his Ford auto and is speeding in other climes, which seem more congenial for the present at least.

9-30-15

The editor met M.J.Boretz in Denver and Mr. Boretz requests him to announce that he will settle up the difficulties surrounding the closing of his place of business during his absence in Nebraska and will open for business on a larger scale than ever. Closing of his place as a complete surprise, as he was away expecting to make a deal wherby he could enlarge his store and that he met with an auto accident in which he sustained two broken ribs, disabling him so that he could not return as soon as he expected. With legal proceedings being brought he thought it best to remain in Denver until all matters are adjusted. He refuses the proposition made to him by some of the attorneys to take bankruptcy and proposes to settle his indebtedness dollar for dollar.

9-2-15

The cooing dove, the bird emblematical of peace and war is no longer visible in these parts having been practically annihilated by the action of our wise legislators. We still have magpies, skunks, weasels and an occasional porcupine. We may expect to see them protected when that August Assembly reconvenes.

9-16-15

An apple tree in full bloom on West 44th Avenue has caused considerable comment from tourists and joy riders.

9-16-15

W.P.Green loses chickens and \$4.00 worth of feed to thieves.

9-16-15

Joe Davis and Arthur Kimmett called on the Misses Yula and Myrtle Feland, Sunday.

9-16-15

The editor is fond of some cats, but he is not ready to start an orphanage and would appreciate it very much if the parties who presented him with a black mother cat and two kittens would come and take them away. There is a superstition about killing cats, but if any luck could be worse than having a bushel of them left at your door, we don't know what it would be.

## ARVADA ENTERPRISE--

- 9-16-15 Mr & Mrs Claude White rejoice over the arrival this morning of a baby girl.
- 9-16-15 Fred Tyrrell has nose operation a week ago on Sunday by Dr. Eigler in Denver. He has been unable to attend to his duties at the post office since.
- 9-16-15 George H Lercher, son of the John Lercher's, will remain in Arvada awhile where he will represent the New York Life Insurance Co. We wish him success.
- 9-16-15 Mr. H.S.Burton, a great lover of flowers, is greatly perturbed on finding that someone had visited his astor bed during the night and broken off about forty of the choice blooms he was saving for seed.
- 9-21-15 President G W Clark Blows the Arvada Dry Climate Tire Factory whistle for the first time reserving the privilege unto himself. He blew it long and ~~loud~~ loud tying down the cord for 15 or 20 minutes just to wake up this quiet little burg to the realization of the fact that anew era has dawned on it.
- 9-21-15 A beautiful baby daughter arrives at the home of Mr. and Mrs. A. Tetzlaff on Wadsworth Avenue. Mr. Tetzlaff assures us that this will not affect the price of coal.
- 9-21-15 J.L.Salladay presents the editor with a box of his fine Progressive Ever-bearing strawberries. He informs us that he is furnishing them wholesale for dining car service and has sold \$80.00 worth off of 700 plants.

- 9-23-15 Sweet clover is now found to be an important crop and farmers are urged to cut it from their fence corners of the public highways and market it.
- 9-23-15 Ed Anderson has a fine specimen of a porcupine which he captured the other day in Miss Cole's corn patch on Grandview Avenue.
- 9-23-15 M.S.Marcum 40, dies with tuberculosis, leaving his widow and four children.
- 9-23-15 Prof. W.W.Tuttle of Huntington, Ind. has been engaged by the school board to teach the sciences in Arvada High School Mr. Tuttle is a young man of very pleasing address and seems to fit into the place perfectly.
- 9-39-15 Miss Sarah Dormer, daughter of the Eldridge Dormers surprised her employers and her numerous friends this week announcing that she was married a year ago, Sept. 3, 1914, to Harry Fisher of Denver, who is now a telegraph operator at Plain View. Mrs. Fisher a stenographer at the Beckwith Grocery Co. in Denver kept her marriage a secret in order to hold her position. She will join her husband in October and they will set up housekeeping at the beautiful little station. Friends well deceived are showering congratulations.
- 9-30-15 Fremont Grange is planning another dance for Sat. night Oct. 2, when a prize waltz will be a feature. The winners will receive a couple of seats at the Denham Theatre on the following Sat. night. Here's your chance.
- 9-30-15 An important real estate deal was put thru this week in which A.L.Davis purchases from O.B.Graves the 40 foot front corner lot at Grandview and Wadsworth, next to the Arvada Dry Goods Co. store. Plans to build a place of considerable magnitude to accommodate his ever increasing automobile business. Not decided yet as whether it will be a 1 or 2 story building.

- 9-30-15 The First National bank has made a decided improvement on the west side of their building, having the foundation cemented and also a cement sidewalk. Now, we would like to see the town dads put in a tile in the ditch and level off the ground and put in hitching racks there, so as to take the teams off of the main street. Automobile traffic thru this town has become so great that it really is dangerous to have teams tied in the streets.
- 9-30-15 About a dozen of our local fans will witness the boxing bout between Sam Langford and Sam McVea at the stockyards tonight. This fight is to decide the championship of the colored race, and will be a bitter contest.
- 9-30-15 Who gave the Denver Post reporter his dope on the arrest of Francis, the confessed forger? Someone is evidently trying to rob Constable August Boehmer Arvada's sure-gettem, of his laurels, for it was August and not Sheriff Dennis and his son Orvill, his deputy, who captured Francis from under a pile of logs and also who handed him safely in Sheriff Dennis' care at Golden single handed. The item in the Post reads in part as follows: "Marc Francis charged with passing a number of forged checks in Arvada and Littleton, was closely pressed by Sheriff Joseph Dennis and his son."
- 9-30-15 Now that John D. Rockefeller, Jr., has come and saw, may we expect an era of peace and prosperity among the mining men of the state? More than likely the men who heretofore have been foremost in stirring up strife and discontent among their fellow workmen will pause and ponder when such an occasion confronts them again, merely because they have seen Mr. Rockefeller and absorbed some of his personal magnetism. On the other hand, Mr. Rockefeller will know when he hears of a grievance just how much to credit and who he is dealing with in the future and naturally his sympathies will be aroused more readily by virtue of the fact that he has mingled with his employees and their families and has learned that they have hearts and souls as well as he. We believe that Mr. Rockefeller's visit to Colorado is an omen of much good to the commercial status of the state.
- 9-30-15 James Brinkerhuff is toting a badley flattened finger, likewise one big grouch, all caused by a "lady-like," handling of a hammer while doing some fancy carpenter work.
- 9-30-15 Three school mates of a half century ago spent Friday visiting together. Mrs. Hiram R. Hiller of New York and Mrs. E. J. Huling of Denver were guests of Mrs. Mills.
- 9-30-15 The most curious letter carrier yet heard of seems to be one that covered a small route in far-off Alaska some months ago--nothing less than a bear harnessed to a bicycle on which his master fastened the mail sack. Bruin hauled the load while his master steadied the wheel, and so much interest was excited by this strange combination that the outfit was taken to England for exhibition purposes. --St. Nicholas
- 10-7-15 Miss Ruth Campbell, one of Arvada's most popular young ladies carried off the highest honors of Jefferson County in the Post Beauty Contest, the awards published in the Sunday's edition.
- 10-7-15 D. F. Cahill is under the weather with indigestion. We would suggest more fresh air, more strenuous exercise, and a marriage license as a remedy.

- 10-28-15 Harold Juchem leaves for Costa Rico, where he will follow his profession as mining engineer for a large mining company. He was thus engaged in Mexico until the warring factions drove the Americans out. He will receive a very alluring salary and if health conditions do not interfere may make his permanent home in Central America. His many friends wish him good luck, but hate to ha ve him go so far away. The journey will require seven days.
- 10-28-15 The magnificent automobile road which now goes within about four miles of Pike's Peak has been thrown open to public use-a little more than a century after Zehulon Montgomery Pike discovered the great mountain.
- 10-28-15 Who says Arvada is not having a building boom? A.L.Davis will break ground Monday for his new building at the corner of Grandview and Wadsworth.

## ARVADA ENTERPRISE--1915

- 11-4-15 Mr. & Mrs. F.C.Murchison and daughter Irene, had a very narrow escape when their Ford car in which they were riding was struck and over turned by a street car. Accident occurred at corner of Lowell Boulevard and West 38th. Miss Mina Murchison had gone into a store and while her parents and sister were waiting they decided to turn the car around in the street. A Leyden car came bearing down on them from the east, Mr. M. put on all speed possible in an effort to clear the track but was unable to do so. All are congratulating themselves on their lucky escape, with only bruises and a bad fright and it was the first accident in all his auto experience.

- 11-11-15 Mr. & Mrs. John Thorpe entertained in a novel manner a number of their friends and neighbors. With Mrs. Chas Fink assisting together they originated a "kids" party, asking the guests to dress as 10 or 12 year old children. Novel refreshments were served in the regular old time way. Each was given an oil cloth bib and first course served was one grape. Then came bread and milk, hot weiners, bread spread with butter and sugar, then jello and cakes. Everyone had the time of their lives.
- 11-11-15 Barnard Cummings starts a new industry with a fish hatchery located at Jefferson Park in the Clear Creek bottoms between the Tramway Junction and White City. He will supply the Denver market as soon as his fish reach proper size, the only way the Denver restaurants can get their supply of game fish is thru private hatcheries or from private lakes. No doubt Mr Cummings will find his enterprise a profitable one.
- 11-11-15 C.E.Shoop accompanied by his brother-in-law Sam Edwards return from Kansas City in three days and a half, a distance of 832 miles. Of course this was in his Ford runabout and Mr. Shoop reports an elegant trip.
